

Alexandria Gazette and Virginia Advertiser

LOCAL MATTERS.

The Weather Probabilities. Sept. 12, 1881.—The Middle Atlantic States, including Virginia, are threatened by a heavy rain, with a possibility of a cold storm, followed by falling barometer, and stationary or lower temperature.

Our Public Schools.—The Clerk of the City School Board was busy all week in granting permits for entry into public schools, and the number issued was greater than for any previous year, being 719 for white children and 47 for colored. So great is the pressure that, notwithstanding the election of another teacher for the small boys attending Peabody school, the only practicable measure of relief suggested at a meeting of the Superintendent and teachers Saturday morning was to make the lowest division of Peabody school a half day school, only placing it in the charge of Miss Price, of Peabody School. Peabody will teach it in the morning and the girls of the third little boys, unable to read, have been assigned to Miss Grigg, the new teacher of Peabody, who will divide them into morning and evening sessions. The want of room for white children is pressing, the Washington and Washington buildings being now crowded to their utmost capacity. A new school building has become an absolute necessity, and it is understood that City Superintendent O'Connell in his annual report now in press, urges the erection of one upon the old Court House lot, as heretofore. The city will dispose of its interest in the Court House. The following is a list of schools and their teachers for the season: Washington School, for white boys—No. 1, Theodore H. Pickett, A. M., Principal, room No. 1, Washington building; No. 2, John S. Bouché, Vice Principal, room No. 2, same building; No. 3, Miss Fannie A. Wilson, room No. 3, same building; No. 4, Mrs. Virginia Baskett, room No. 1, Peabody building; No. 5, Miss Lillie Phillips, room No. 1, same building; No. 6, Miss S. Annie Schellard, room No. 10, same building; Peabody School, for white girls—No. 1, Miss Virginia B. Clark, Principal, room No. 1, Peabody building; No. 2, Miss Sallie Taylor, room No. 1, same building; No. 3, Miss Fannie L. Miller, room No. 1, same building; No. 4, Miss Mary T. Walsh, room No. 1, same building; (morning school); No. 5, Miss Maggie W. Price, room No. 1, same building; Peabody School, for white children—No. 1, Miss Maggie W. Price, room No. 1, same building; No. 2, Miss Sallie Taylor, room No. 1, same building; No. 3, Miss Fannie L. Miller, room No. 1, same building; No. 4, Miss Mary T. Walsh, room No. 1, same building; (morning school); No. 5, Miss Maggie W. Price, room No. 1, same building; Peabody School, for white children—No. 1, Miss Maggie W. Price, room No. 1, same building; No. 2, Miss Sallie Taylor, room No. 1, same building; No. 3, Miss Fannie L. Miller, room No. 1, same building; No. 4, Miss Mary T. Walsh, room No. 1, same building; (morning school); No. 5, Miss Maggie W. Price, room No. 1, same building.

THE LATE DROUGHT AND THE DAIRYMEN.—A SPOKE FULLY OF MILK. The dairymen of Fairfax county, Va., after a season among themselves, have come to the conclusion that they will be unable to sell milk at the price of the past year, and rather than do so, it will be better for them to dispose of their cows. The price for feed has advanced about 75 percent and they do not see why a great decline on these figures should be expected.

Some of the milk dealers from Washington have been trying to contract for supplies at 10 cents per gallon, but the dairymen are not willing to sell at such a low price. They are now offering at 12 cents per gallon, but the dealers are not willing to pay more than 10 cents. The dairymen are now offering at 12 cents per gallon, but the dealers are not willing to pay more than 10 cents.

LOCAL BREVITIES.—An adjourned session of the Corporation Court will be held to-morrow.

There will be a beautiful display of the night blooming cereus, at Mr. W. L. Fuggett's store, on King street, to-night.

Old Dominion Commandery, K. T. meets to-night to make arrangements for attending the Yorktown centennial celebration.

Sergeant Mason, who shot at Guinea, at the Washington fair yesterday, is from Fredericksburg, Va., and has a number of relatives and friends in this city.

All of the public and many of the private schools opened to-day with an increased attendance over last year. At St. John's Academy, there were 81 entries, of which 35 were from abroad.

James Bird, colored, while hanging an awning at Mr. Gray's store, on south Fairfax street, this morning, fell, and had his left arm quite badly injured by being caught on a meat hook.

The Board of Aldermen meets to-night to consider the bill granting the Bell Telephone Exchange Company the privilege of erecting poles, upon which to run the wires of the company, on the streets of the city.

The steamer Excelsior left last night for Baltimore where she will be fitted up as a floating hotel, to accommodate the visitors to the Yorktown Centennial celebration. A large number of new state rooms will be placed in her. The steamer Keyport will arrive this evening from Baltimore to take the place of the Excelsior on the Chesapeake route.

The funeral of Mr. James Harrison, who died at the Alexandria Infirmary yesterday morning, after a long illness, to be placed this morning, and was attended by the Alexandria Infirmary Club, of which organization the deceased was a member. Mr. Harrison was for a long time a bookster in the market, and was well and favorably known.

IS IT POSSIBLE.—That a remedy made of such common, simple plants as Hops, Buchu, Mandragora, Dandelion, &c., make so many and such marvelous and wonderful cures as Hop Bitters do? It must be, for when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, we must believe and doubt no longer.—*Post.*

the morning at the late mass. Rev. F. P. Barry preached in the First Presbyterian Church in the morning. The other pulpits were filled by the resident clergy.

The Gospel Temperance meeting in the hall of the Alexandria Reform Club was conducted by Rev. F. P. Barry, who also made an interesting address.

POLITICAL MEETINGS.—Meetings will be held in all the wards of the city and districts of the county to-night to elect delegates to a straight republican convention, to meet at Armory Hall, to-morrow evening, to nominate a candidate for the House of Delegates. It is understood colored Mahonites will be on hand at all the meetings in the city to make things as lively as possible. The Mahon readjuster convention to nominate a candidate for the House of Delegates meets at Sarapta Hall to-morrow at 12 o'clock.

SERIOUSLY INJURED.—Two young men, Messrs. Emory Boucher, of Loudounville, Fairfax county, Va., and Wm. Killian, of Georgetown, were driving in Washington, Saturday last, when their horse took fright and ran away, throwing them both out upon the sidewalk. Mr. Boucher received serious internal injuries, and Mr. Killian's knee cap was dislocated. Dr. Sampson attended both patients, and subsequently Mr. Boucher was taken home by his father.

STORE ROBBER.—A police officer discovered two men acting in a suspicious manner near the commission houses on Louisiana avenue, in Washington, last night. Soon a third man was seen to unlock the door of the store of Messrs. Rogers & Swaine, of this city. The two men then made off. The officer called to them to halt, but instead of doing so, they dropped two large bags, and made their escape. The bags were found to be filled with freshly made cigars.

PERSONAL.—Hon. John S. Barbour returned from the Greenbrier White Sulphur Springs Saturday last, and left this morning for Baltimore.

Hon. P. W. McKim, the democratic candidate for Attorney General of the State, spent last night at Green's Mansion House. He left this morning for Leesburg.

A SUNDAY EXCURSIONIST OVERBOARD.—An excursion party from Washington, on their way up the river yesterday evening, in the yacht Hermit, put into King street wharf, in this city, to get out of the storm. In getting off the yacht one of the party, named Dorsey, fell overboard. He was rescued by Sergeant Killey, of the Metropolitan Police, minus his hat.

STILL ANOTHER.—George A. Nowland, of the 1st ward, has been appointed by the Mahon executive committee, at Richmond, a canvasser for this city. The two other Mahon canvassers for the city are Harry Bailey and Theo. Allen, both colored.

LOCAL BREVITIES.—An adjourned session of the Corporation Court will be held to-morrow.

MONEY AND COMMERCIAL

VIRGINIA BONDS.—J. A. Hamblen Co.'s Baltimore Financial Circular of Saturday last says:

Virginia bonds were steady, with small transactions and unimportant fluctuations. It was supposed that the sales of Consols in the first part of the week, and also the subsequent purchases were for foreign account. Virginia bonds are affected somewhat by the tone of the New York market, and we notice that our friends in that city, like other mortals, are more disposed to buy when the market is strong, and either to leave them alone or sell when the market is weak. We can not see much inducement to buy Virginia bonds just at this time, as it is more than probable that they can be bought during the next sixty days at a lower figure.

R. H. Maury & Co.'s, Richmond financial circular of Saturday says:

Virginia bonds are now almost entirely neglected, and have fallen away slightly since our last writing. Feilers and Ten-Forties, as we anticipated, have declined in price, and are now steady, but Consols have run down to 77, and unless supported by foreign orders to purchase will probably decline further before November. If, as some anticipate, the foreign holders should sell Virginia bonds just at this time, the price would be depressed very much, and it is still. We think that both Feilers and Ten-Forties have pretty well reached bottom now, and that there are handsome and early profits in both, especially the former, for all political parties are friends to them, which ever is successful will in all probability make some immediate provision for these long neglected creditors. Besides there are not two and a quarter million of them all told, and even if the Legislature does nothing for them, the operations of the Sinking Fund, which annually takes up and cancels a goodly number, is continually reducing their quantity, and will probably be used next winter to buy them all in. We see the reaction of Virginia and Western Virginia is being again advocated in political circles, and by no less a personage than Mr. John Sherman who declares himself unequivocally in favor of it. We should be glad to see it consummated, although doubtless a new element of discord in our doubtful future would thus be created; but this is the only chance that we can see of the West and Virginia extricating ever existing anything.

MANUFACTURERS OF
FERTILIZERS
ALEXANDRIA, VIRGINIA.

We are now prepared to supply the trade with any brand of Fertilizer desired. We have been engaged in the manufacture of Fertilizers for some time past, and we claim that our facilities for making a cheap and excellent Fertilizer are unsurpassed. We have Works on the Chesapeake Bay, where we catch the fish from which we get the ammonia, making the fish scrap cost us less than if we were compelled to go on the market and buy it. The analysis and proper mechanical condition of every ton of our Fertilizer is excellent it being perfectly dry and fine. Pure Fish and Bone are our basis, and we are confident that nothing can be more permanent to the soil. We assert, upon reports received all over the country, that Farmers have never been better pleased with a Fertilizer than with ours. We make special brands of manures for Corn, Wheat, Tobacco and Cotton, and sell all of our goods at the lowest prices. We also sell the Pure Fish and Bone alone when parties desire it. We have a reputation on our goods, and intend to retain it; therefore, shall allow nothing to go from our doors but that which we know to be excellent.
